EZANA GIRMAY

Edmonds, WA · (206)-578-6135

girmay.ezana@gmail.com

Highly motivated and experienced computer software engineer with experience in multiple areas and languages. Skilled in working in high pressure environments and delivering quality work in the set time. While ensuring proper communication with other team members.

EXPERIENCE

2020 –2024

STORE MANAGER, GREAKPITA

Take inventory of supplies and ingredients while maintaining a high level of cleanliness in the kitchen. Be responsible for prepping ingredients, platting food, and serving to guests.

2024

AWS CERTIFICATION, CERTIFIED DEVELOPER ASSOCIATE

Passed Certification Exam offered by Amazon. Proficient in using AWS services in order to develop and deploy applications in an effective way to minimize cost for user. Ensure that the application is safe by enacting proper safety features.

2024 – 2025

SENIOR PROJECT, CAPSOURCE

Developed and deployed a crowed funded caption correction application within a team. Used extensions on browsers and web site to allow users to quickly make suggested changes to video publisher. This allowed the video publisher to produce correct transcripts for their video with our spending hours correcting it themselves.

EDUCATION

2023-2025

BACHELOR OF SCIENCE IN COMPUTER SCIENCE, SEATTLE PACIFIC UNIVERSITY

Relevant coursework: Algorithm Design and Analysis, Systems Design, and Databases
